# Workshop “Industrial application of SOFC systems: the DEMOSOFC project”

Politecnico di Torino - Sala Consiglio di Facoltà  
C.so Duca degli Abruzzi 24, 10122 Torino (ITALY)

Tuesday, November 14<sup>th</sup> 2017

Funded by:

Partners:

Imperial College  
London

# DEMOSOFC

## Workshop for Industry

### What

Industrial application of SOFC systems: the DEMOSOFC project

### Where

Politecnico di Torino  
C.so Duca degli Abruzzi 24, 10129 Torino (IT)  
Room: Sala Consiglio di Facoltà

### When

Tuesday November 14<sup>th</sup>, 2017

# 1<sup>st</sup> PART

08:30 – 09:00

Registration to the workshop  
Booking for the visits at the DEMOSOFC plant with the researchers

---

09:00 – 09:10

Welcome (Politecnico di Torino)

---

09:10 - 09:40

**Massimo Santarelli** (PI - Politecnico di Torino): DEMOSOFC overview

---

09:40-10:10

**Andrea Lanzini & Marta Gandiglio** (Politecnico di Torino): Industrial application of SOFC systems in waste water treatment plants - Technical details

---

10:10 - 10:30

**Adam Hawkes** (Imperial College London): Industrial application of SOFC systems in waste water treatment plants - Business case

---

10:30 - 11:00

Coffee break  
Booking for the visits at the DEMOSOFC plant with the researchers / Networking

---

## 2<sup>nd</sup> PART

● 11:00 - 11:30

The experiences of the manufacturer of the SOFC technology:  
CONVION ( Finland)

---

● 11:30 - 12:00

The experiences of the end user: SMAT ( Italy)

---

● 12:00 - 12:30

**Antonio Aguilo-Rullan** (Project Officer of DEMOSOFC - European Commission – Fuel Cell & Hydrogen Joint Undertaking ): How the European Commission supports the Fuel Cell & Hydrogen applications

---

● 12:30 - 13:00

OPEN discussion between DEMOSOFC partners and audience

---

## 3<sup>rd</sup> PART

● 13:00 - 14:00

Lunch  
Booking for the visits at the DEMOSOFC plant with the researchers/  
Networking

---

## 4<sup>th</sup> PART

● 14:00 - 15:30

Visit at the DEMOSOFC plant (first group of participants)

---

● 15:00 - 16:30

Visit at the DEMOSOFC plant  
(second group of participants, if needed)

---

### Workshop activity

The workshop will include a visit to the DEMOSOFC site (SMAT Collegno Waste Water Treatment Plant) where the first European industrial size biogas fed Solid Oxide Fuel Cell is running!

### Other informations

The workshop is free of charge. Detailed program, registration form and useful information are available in the project web site
